REGARDING SPORT- ING GOODS IN GENERAL.

Spalding's Line in Particular.

First you want comfort, then quality. There is no reason why a Base Ball Bat shouldn't be tapered down to allow the batter perfect ease, and have at the same time the practical value of serviceableness.

There is no reason why a Mask shouldn't be as inviting to the face as a glove to the hand. A Mit is not a Mit unless the wearer feels as much at home in the field as he would sitting at home in his den.

SPALDING'S goods fit the different parts of the body for which they are intended, you don't have to make the body fit the goods. The name of Spalding appears on every piece of goods sent out, with one price to all.

Base ball season is fast approaching. The spring line now ready. Catalogue for the asking.
